Hi all. We are good with this. Let's keep moving forward. This will give us additional exposure in the park. We can speak about details for programming and park clean up on our calls over the next few days.

I know the event organizer so I'll reach out and let her know that we are also doing this.

Thanks and talk soon.

Thanks Linda, this sounds like a great opportunity. I'm adding in DCA's General Manager to the thread.

Joella, please let us know if this something that CD14 would be interested in.

Thanks,

Daniel

Hello Daniel, As you probably know the Carnival of Love has permitted with DOT for street closures of 5th street, San Julian St. and part of 6th street for January 25, 2020. I was alerted to this event yesterday by a community member and just spoke with the organizers of the event. If willing, they would love for CD14 to be part of the event and would like to offer a booth to give out information on Engine 23 and relay any other information to the public. I know that this was not what you were planning for CD14 event, though this may be one of the best ways to reach out to the Skid Row community.

Another option could be to choose another date, possibly in February, for your event and reserve a booth at the Carnival of Love event in order to distribute information on CD14 upcoming event. Please let me know what you would like to do and let me know if I can assist you in any way. Thank you
